**WEATHER REPORT.**

July 31d. 11h. 07m. Warning  
to Hongkong, Coast Ports, &c.—  
Typhoon of unknown intensity  
within 60 miles of Lat. 20° N.  
Long. 115° E. direction unknown.  
July 31d. 11h. 49m.—Pressure  
has increased slightly at Hong-  
kong and decreased slightly at  
Haiphong and from Formosa to  
Luzon and Japan.

The typhoon appears to be  
developing in about Lat. 20° N.  
and Long. 115° E. It is of small  
diameter. Its direction or motion  
cannot be ascertained at present.  
Hongkong rainfall for the 24  
hours ending at 10 a.m. to-day,  
1.36 inch. Total since January  
1st, 71.36 inches, against an  
average of 51.62 inches.

FORECAST FOR THE 24 HOURS  
ENDING AT NOON TO-MORROW.

District. Forecast  
1 Formosa Channel E. winds,  
moderate.

2 South coast of N.E. winds,  
H.K. & Lamooke fresh,  
overcast, rainy.

3 Hong Kong to Gap E. winds,  
Rock. moderate.

4 South coast of N.E. to N.W.  
China between winds,  
H.K. & Hainan moderate.  
T. F. CLAXTON, Director.  
Hongkong, July 31.

**DAY BY DAY.**

Yesterday's health return  
shows one British case of  
paratyphoid fever and one  
Chinese case of cerebro-spinal  
fever.

Choi Yoo, charged with  
kidnapping a boy of fifteen, Chiu  
Shui-kung, on May 28th. last,  
was brought up again at the  
Kowloon Magistracy yesterday  
afternoon, and a further charge  
of kidnapping a boy of twelve,  
Chu Ying-wing, was made out  
against him. Mr. E. W. Hamilton  
committed the man to take his  
trial at the forthcoming Criminal  
Sessions on the first charge, and  
remanded him on the second.  
Ng Kam, who had given  
contradictory evidence in the  
case, was warned that he could  
be committed for perjury, before a  
large attendance. It was an  
easy wicket.

The South Africans compiled  
337 (Nourse 73, and Hands 58,  
not out).—Reuter.

A DEMONSTRATION  
WILL CONVINCE YOU

**STUDIO**

17, Ice House St.

The Hon. Mr. H. W. Bird  
and the Hon. Mr. C. G.  
Alabaster, K. C. took their seats  
for the first time at this  
afternoon's meeting of the  
Legislative Council, the usual  
oaths being administered.

A trading junk from Hong-  
kong, whilst being towed by a  
launch was held up at Shatan  
by a pirate launch. The junk  
was set adrift, but the launch  
was taken away by the pirates. A  
report was made to the police  
last night, on the junk's return  
to the Colony. The latest in-  
formation is that the steam  
launch was recovered by a Chinese  
customs launch after an encoun-  
ter in which it was abandoned by  
the pirates.

**HOME CRICKET.**

SOUTH AFRICA vs. SUSSEX.  
London, July 30  
At Brighton, the match between  
Sussex and the South Africans  
opened in fine weather, before a  
large attendance. It was an  
easy wicket.

The South Africans compiled  
337 (Nourse 73, and Hands 58,  
not out).—Reuter.

# CAMERA NEWS

**TORNADO DAMAGE.**—Here is what a tornado, sweeping over Mississippi and other southern states, did in one small town. It tore up practically all the business district in Summit. The main street was covered with debris from store-buildings.

**FLOW ACROSS AMERICA.**—Here is Lieutenant Russell L. Maughan standing beside his cross-country plane. It is of the Curtiss Pursuit type.

**AMERICAN RACING.**—Practically running away from the other entrants, Mad Play is shown nearing the finish of the Belmont \$50,000 turf classic of Belmont Park (Long Island) with Mr. Mutt, Bud Fisher's horse, second.

**THE "DRY" PARTY.**—The Prohibition party convention met in Columbus, to nominate its presidential and vice presidential candidates. Here is the first picture of the convention in session.

**LIKES FLYING.**—Here is Miss Ruth Law, who is again to take up flying. She is noted for aerial "stunts."

**AIR CIRCUS.**—Interesting assortment of balloon types gathered at Lakehurst Air Circus. (Note the giant Shenandoah, at her moorings, while a blimp sails by and an observation balloon is ready to go up.)

**WASN'T STUNG.**—No, he isn't a Cossack. He is a beekeeper and is just proving honey bees rarely ever sting. He has over 200 colonies of them. This helmet he is wearing is composed of living members of these colonies.

**RAILWAY SMASH.**—Over a 20-foot embankment went the "Twilight Express" at Worcester, while running from Boston to New York, as the result of a derailment. Three men died and scores were hurt.

## COUNCIL MEETING.

## THREE NEW BILLS.

The Following Bills were read a first time at today's meeting of the Legislative Council:—

## PIERS ORDINANCE.

First reading of a Bill intituled an Ordinance to amend the Piers Ordinance, 1899.

## SUPPLEMENTARY VOTE.

First reading of a Bill intituled an Ordinance to authorize the Appropriation of a Supplementary Sum of Two million and twenty-eight thousand and thirty-eight Dollars and three Cents to defray the Charges of the year 1923.

## REVISED ORDINANCES.

First reading of a Bill intituled an Ordinance for promoting the revision of the Ordinances of Hongkong.

The object of this Bill is to effect a large number of small amendments and incorporations which have been necessary in the preparation of the New Edition of the Ordinances of the Colony, and which, by s. 6 of Ordinance No. 18 of 1923, are required to be submitted to the Legislative Council in the form of an Ordinance.

Generally speaking, it may be said that this Revision has not introduced new matter into the Law of the Colony but has been confined to the incorporation of the existing law, the repeal of spent legislation, the correction of obvious errors, the standardization of expression, and the removal of inconsistencies.

## COLONY'S FINANCES.

## LAST YEAR'S FIGURES.

A report on the Colony's finances for last year has just been issued and was laid on the table at this afternoon's meeting of the Legislative Council. It shows that the total revenue for the year was \$24,783,763, of \$6,216,493 more than was estimated and \$2,492,698 more than in 1922. The main increases were under the following headings:—Liquor Duties (\$64,993 increase), Opium Monopoly (\$2,212,057 increase), Stamps (\$774,807), Tobacco Duties (\$78,568), Interest (\$277,987) and Land Sales (\$2,888,797). The Kowloon Canton Railway showed a deficit as compared with 1922 and the revenue was \$340,120 less than was estimated. The expenditure was \$21,571,905, being \$1,011,930 less than the estimate but \$3,008,902 more than in 1922. Miscellaneous expenditure was \$1,285,783 more than was expected, including an item of \$176,000 for the University. Military expenditure exceeded the estimate by \$240,351, but expenditure in the Education Department was less than the estimate by \$3,905 on account of unpaid Building Grants and other savings. A sum of \$2,528,898 less than the estimate was spent on Public Works Extraordinary as the programme of works could not be completely carried out.

## WEST RIVER FLOODS.

## COUNCIL VOTES \$50,000.

At this afternoon's meeting of the Legislative Council, the Hon. Mr. R. H. Kotewall was granted permission to move a special resolution, relating to the West River Floods. He moved that the Council vote the sum of \$50,000 for the relief of the distressed poor.

This was seconded by the Hon. Mr. P. H. Holyoak and carried unanimously. H. E. the Governor pointed out that the vote had to be subject to the approval of the Secretary of State, but that he would have no hesitation in recommending such approval.

## NAVAL POWER.

## ALTERATION OF GUN ELEVATION.

London, July 30. In the House of Commons, in reply to a question by Comdr. Bellairs whether representations had been made to the signatories of the Washington Convention that the alteration of elevation of guns on capital ships, or expending for the purpose of increasing the radius of action, would, in the opinion of the British Government, be a breach of the Convention, Mr. Ponsonby answered in the affirmative, and added that the Powers concerned were the United States and Japan. —*Reuter.*

## TYPHOON MOORINGS.

## MR. HOLYOAK'S QUESTIONS ANSWERED.

The Hon. Mr. P. H. Holyoak at this afternoon's meeting of the Legislative Council, asked the following questions:—

## Will the Government state:—

(a) How many of the new first-class Typhoon Harbour Moorings are now available for service?—

(b) When does the Government expect that the whole number will be placed and ready for use in the Harbour?

The Hon. Colonial Secretary (Sir Claud Severn) replied as follows:—

(a) None of these moorings are available for service yet. The first set was laid on the 3rd July, but it is necessary to allow a month for the concrete block to settle. The second set was laid on the 16th July and the third set on the 24th July.

(b) It is hoped that all the sixteen moorings will be laid and ready for use by June, 1925.

I would add that the chain cables were ordered from England on the 20th October, 1923, and arrived in the Colony on the 11th April last. The concrete blocks take a month to harden before they are placed in the harbour and a month after laying they will be examined by a diver to ensure that they are sufficiently embedded to stand the strain of typhoon weather.

## HARBOUR CHASE.

## DUMPING FROM A LAUNCH.

When one of the police patrol boats was cruising in the harbour a few days ago, the police officer on board saw the steam launch boat s.s. Angkor, and make for Blake Pier. Being suspicious, the police launch went in pursuit, when the Lee Yuen altered her course.

During the chase, the police officer noticed that several packages were being thrown overboard, some of them being cases, presumably containing contraband of some kind—doubtless arms and ammunition.

The master of the steam launch was charged before the Marine Magistrate, this morning, with depositing rubbish without permission. A fine of \$15 or 14 days was imposed.

## PUBLIC WORKS.

## SUGGESTED QUARTERLY REPORTS.

The Hon. Mr. P. H. Holyoak asked the following question at this afternoon's meeting of the Legislative Council:—

"Will the Government lay upon the table 'Monthly Progress Reports' in connection with all the above Public Works?"

The Hon. Colonial Secretary (Sir Claud Severn) replied as follows:—It is not considered necessary to lay such progress reports, which will not have the effect of expediting the works, but if Honourable members wish, quarterly reports will be furnished.

[The works referred to in the question are the Sailinggun School, Statue Pier and the Fire Brigade Station.]

## ASKING FOR TROUBLE.

## LUKONG SAVAGELY ATTACKED.

A lamplighter and a coolie were charged before Mr. R. E. Lindell, at the Magistracy this morning, with assaulting a lukong and wounding him with a chopper.

Sub-Inspector Shaftain said that the lukong was asking for trouble. The allegation was that he called at the house of the defendant and on the score that the occupants were dealing in lottery tickets asked them for a bribe of \$30, whereupon the defendants set upon him with choppers. He was fairly seriously injured but was expected to recover soon. The police would be satisfied with bail of \$50. In all probability the case would come up before the C.S.P. and the defendants be discharged. The case was adjourned.

## OFF AGAIN.

## AMERICAN FLIGHT RESUMED.

London, July 30. The American world fliers have left Hull for Kirkwall on the first stage of their Trans-Atlantic flight. —*Reuter.*

Later. The American fliers have arrived at Kirkwall. —*Reuter.*

## NEW FIRE STATION.

## THE DELAY EXPLAINED.

The following question was asked by the Hon. Mr. P. H. Holyoak at this afternoon's meeting of the Legislative Council:—

When does the Government anticipate the completion of the new "Fire Brigade" Station, upon which work appears to have come to a standstill for a considerable time past, and what is the reason for this?

The Hon. Colonial Secretary (Sir Claud Severn) replied as follows:—The Fire Station accommodation comprises a portion of the building only. Owing to pressure of work in the Architectural Office and the difficulty of obtaining sufficient staff, it was not possible to complete the drawings and prepare the contract for the superstructure as early as anticipated. A short interval has thus occurred between the erection of the steelwork and the commencement of the superstructure. Tenders for this contract were submitted on Monday last, the contract time being 18 months. The building should thus be completed in February 1926.

## LATE MR. LOWE.

## COUNCIL'S SYMPATHY.

Prior to the ordinary business at the Legislative Council meeting this afternoon, H. E. the Governor moved that a vote of condolence be forwarded to Mrs. Lowe, on the death of her husband, the late Hon. Mr. A. K. Lowe.

In moving the vote, His Excellency said that the Council and the Colony had suffered a severe loss by the death of Mr. Lowe, who was a man of great public spirit and who was an able and interesting critic on all matters coming before the Council, especially in the realm of finance. He (His Excellency) felt a personal loss, whilst the Colony have sustained the loss of a valuable member.

The Hon. Mr. P. H. Holyoak and the Hon. Mr. R. H. Kotewall associated themselves with the motion which was carried, all present standing.

## NAVAL PROMOTIONS.

## ADMIRAL MADDEN'S ELEVATION.

London, July 30. Sir Charles Madden has been promoted Admiral of the Fleet, replacing Sir Henry Jackson (retired).

Sir Gough Calthorpe replaces Admiral Madden as first aide-de-camp to His Majesty.

Sir Beauvoir Brock has been promoted Admiral. Sir Rudolf Bentinck has been promoted Vice-Admiral and Captain Cecil Staveley has been promoted Rear-Admiral. —*Reuter.*

## AUSTRALIA'S NAVAL DEFENCE.

Melbourne, July 30.

The House of Representatives has passed the Defence Equipment Bill by 17 votes to 7. A Labour amendment favouring the construction of both instead of one of the cruisers locally, was defeated by 29 to 22. Mr. Bruce explaining that the Government desired to accept the offer to build the first cruiser in England. —*Reuter.*

## ANOTHER RUGBY VICTORY.

Potchefstroom, July 30. The British "rugger" team touring South Africa defeated the Western Transvaal by 8 points to 7. —*Reuter.*

## TWO AIRMEN SAFE.

Simla, July 30. The two British military airmen reported to have been killed in a crash during a fog at Razmak, yesterday, have returned safely. —*Reuter.*

## SOVIET LOAN.

## CHINESE EASTERN RAILWAY RUMOUR.

London, July 30. In the House of Commons, Sir R. Lyde asked whether the Soviets had directly or indirectly advanced a proposal for a loan in this country, on the ultimate guarantee of the Chinese Eastern Railway, and Mr. Ponsonby declared that no such proposal had been submitted to the Government. —*Reuter.*

HONGKONG, 31st July, 1924.

### INSECTS.

Medical science during the past half century has made enormous strides in the isolating of disease germs and control of infection, and the main battle the savants have fought has been against insects, proved to be culprits in conveying most of the ills of mankind. Even the latest researches on cancer point to the strong probability of an insect host for this scourge. It is within the clear memory of the present generation when the connection between mosquitoes and fevers was established, and in this part of the world we are particularly concerned with the relation of Anopheles to malaria. At Tuesday's meeting of the Sanitary Board the question of anti-malarial measures in Hongkong cropped up again—it is one of those hardy annuals repeatedly appearing on the agenda at such conferences. Very little further could be said by the officials concerned, beyond the fact that what can be done—that is with the present staff, we presume is being done. It was declared that the Sanitary Department, originally formed to combat plague, had of recent years extended its activities to a war on mosquitoes. We suggest that this department be made responsible for wider sanitary measures, so that without undue delay it can be built up into a body primarily charged with the elimination of every conceivable source of disease in the Colony. It appears to us to be absurd that a place which is up-to-date in most other respects should not possess a big department capable of undertaking vigorous control of sanitary affairs. It is all very well, and reassuring, to learn that the collection of data is proceeding apace, but public confidence would be fostered more readily by an assurance that mosquitoes and

other pests are to be tackled energetically. There are wide areas, particularly on the mainland, which require immediate attention; and nullahs, several on Hongkong Island, in need of urgent repairs after recent heavy rains. Some of these latter have been neglected since the wash-aways of last October. Now that attention has been called to them, it is to be hoped that the matter will be duly remedied.

Of much greater moment than mosquitoes, just now, are flies. These pests have been proved to be carriers of horrible and deadly diseases, and are the common cause of dysentery in the Colony. That they are at present, at the very least, helping to spread typhoid is evident. We wrote only the other day about the serious prevalence of flies in residential districts, and urged greater attention to this probable source of infection. We gave personal observations on the subject, pointing out that all over the place there are sly dumps of rubbish which form ideal breeding spots, so that even that most filthy of flies, commonly known as the blue-bottle, is found on the breakfast table of European households. We suggested then—and now emphasise—the practicability of inspection for mosquito breeding places and the breeding places of flies, going hand in hand. We repeat what we stated on that occasion—an important place like Hongkong should have a sanitary service equal to that of other properly-conducted tropical cities, where there are periodical house-to-house inspections. Until the most has been done in the way of prevention, there will continue to be all the uncertainty, trouble, and distress which appears to accompany serious outbreaks of disease in this Colony. Such a state of affairs is truly disgraceful.

### Dr. Sun's Chance.

At the present moment, more than ordinary interest attaches to the order issued by the Central Executive Committee of the Kuomintang Party at Canton to its members in Shanghai, in which anti-foreign activities are condemned. This document states that the Party regards all narrow and violent anti-foreign sentiments as harmful to society and the world at large, and says it has always strongly exerted itself in suppressing such tendencies. Then follow a number of instances in which this policy is said to have been adhered to. What we cannot overlook, however, is the fact that in recent years in South China many members of this party, which, as is known, is headed by Dr. Sun Yat-sen, have been most prominently identified with anti-foreign movements. The present "strike" on Shanghai, however else it may be described, is without any shadow of doubt anti-foreign in character. That being the case, and it being beyond dispute that many of the strikers are members of the Party, we can now surely look to Dr. Sun to see that the spirit of this "order" which has been sent to Shanghai will also be enforced nearer at home. He has now an excellent opportunity of showing that he commands the policy of the Party and controls the activities of its members. If from now henceforth the Kuomintang Party sets its face firmly against all anti-foreign movements, then indeed we shall have good cause for revising our opinion as to its aims and activities.

### Food Outlook.

Yesterday we had something to say on the abnormal weather conditions which are being experienced in most parts of the world just now. Such conditions, of course, have their effect on crops, and news from most centres is that matters in this regard are far from what they might be. There is now, we see, talk of the possibility of a world famine. In this connection, we recall that early in 1922, Sir William Henry Beveridge, head of the London School of Economics, predicted the world was approaching a year "destined to repeat something like the

### DAY BY DAY.

INDIVIDUALS MAY PERISH  
BUT TRUTH IS ETERNAL.

Joseph Gerrald.

Letters by "Fed Up" and  
"Fonie Party" are unavoidably  
held over.

A Reuter's message from Constantinople says that the Argentinian aviator Zanni has arrived there and departed for Aleppo. He expects to follow the same route as D'Oisy.

The Observatory reports that the typhoon appears to be developing in about Lat. 20, Long. 115. It is of small diameter, and its direction of motion cannot be ascertained at present.

The new Country Club at Shekko is apparently almost completed, for it is to-day announced that H. E. the Governor is to be present at a dinner to mark the opening of the Club on August 9th.

The usual local share quotations are crowded out to-day. There are, however, very few changes, the principal being:—Sugars, \$275 buyers; Wharves, \$203 buyers and sales; Electrics, \$29 sales; Watson's, \$27 buyers and sales.

Amongst the passengers who left by the Empress of Russia today were Dr. Forsyth, Capt. R. Noville, Rev. and Mrs. E. H. Carne, Rev. J. and Mrs. Kirk Macdonald, Mr. and Mrs. J. H. Taggart, Mr. and Mrs. A. R. Sutherland and Mr. P. A. Cox.

A Chinese litter employed by the Chung Hing Motor Bus Co. was sentenced to three months' hard labour, at the Kowloon Magistracy this morning, for stealing a magnet valued at \$150. It was stated that several magnets had lately been stolen from the Company.

A baseball match will be played at Happy Valley on Sunday next, commencing at 4.30 p.m., between the South China team and one picked from the rest of the League. Proceeds will be devoted to famine relief. The League game timed to begin at 4.30 will commence at 2 p.m. in consequence of the above.

Hongkong cinema-goers have their last opportunity this evening of seeing "Judith of Bethulia," which, as everyone knows, is the first big picture made by that master producer, D. W. Griffith. Despite the fact that it was made over a decade ago, "Judith of Bethulia" revived with certain technical improvements, is still an excellent picture judged by latest standards.

Not every day can a cinema offer the attraction which the Star Theatre is offering this evening, because it is not every day that the Colony is visited by a couple touring the world in a Ford car. This couple, as everyone here now knows, is Captain Wanderswell and his sister, Miss Aloha Wanderswell. They have already travelled through over forty different countries in the course of their adventurous journey and naturally have some very interesting experiences to relate. These experiences will form the subject of a lecture at both the matinee and the evening performances when their remarkable film "Around the World in a Ford" will be screened. The Wanderswells will form the chief attraction at the Star Theatre for the next three days.

experiences of 1315, the year of the worst and most general harvest failure known in European history." Economists had checked up matters and found that there is usually a terrible crop failure about every 125 years. The last big one was in 1800. So Sir Henry Beveridge suggested that the next might fall in 1925. He was wrong. But did he miss it entirely, or just by a few years? Crop failures come in years of unfavourable weather, which reports periodically—the "solar or meteorological cycle" is what the scientists call it. Years of plenty and lean years come in rotational groups. All this talk about crop failures, of course, is scientific guesswork, largely. Maybe there is nothing ahead except bumper crops. All of us devoutly hope so. In any event, Nature tends to balance things in the long run. When she gives us too much food over a long stretch of time, she is apt to start the ball rolling the other way.

### BOTTLED WATERS.

MESSRS. A. S. WATSON'S  
CAREFULNESS.

A Telegraph representative who inspected the aerated water factory of Messrs. A. S. Watson & Co., Ltd., yesterday afternoon, was shown the various processes by Mr. G. A. Lawrence, the manager, and came away convinced that the utmost care is taken to obviate the least contamination.

The water from the mains passes into a quartz-filter which removes the larger portion of the unwanted properties; from there it is forced, one after the other, into four Borkford filters, each containing 36 candles, and this process thoroughly sterilises the water, which is then transferred into storage tanks. In these different processes the water passes through copper tin-lined pipes and the tanks are glass lined so that there is no question of metallic contamination. The water in the tanks is tested every day and although there is really no need for it a certain quantity of chlorine is added. As regards the Borkford candles these are only worked for two hours, at the end of which time they are taken out, washed, scrubbed and subjected to a steam pressure of 40 lbs for half an hour.

The filling machines are all silver plated and the bottle cleansing process begins with four compartments, the first three containing a 3 per cent. solution of caustic soda at varying temperatures up to 160 degrees and the fourth containing pure water heated to 120 degrees; the bottles are subjected to other treatment and they reappear after twenty minutes quite dry and ready for re-filling.

### SAIYINGPUN SCHOOL.

EXPECTED OPENING IN  
1926.

At this afternoon's meeting of the Legislative Council, the Hon. Mr. P. H. Holyoak asked:—

Will the Government state:—  
(a) What progress has been made with the structure of the Sai Ying Pun School?

(b) What is the period covered by the building contract?

(c) Is there a "Penalty Clause" for late completion, and if so, to what extent?

(d) When does the Government anticipate that this School will be opened, and having regard to the pledges given by the Government that this work should be accelerated, how is it that progress, so far, has been slow?

### OFFICIAL REPLY.

The Hon. Colonial Secretary (Sir Claud Severn) replied as follows:—

(a) The contract for the foundations and retaining wall was completed in March and a contract was let for the superstructure in April, 1924. Progress since that date has been somewhat slow owing to the difficulty of obtaining special facing bricks, which are only obtainable from Canton and Amoy.

(b) Twenty-four months.

(c) Yes, \$100 a week.

(d) It is anticipated that the school will be opened in April, 1926. The work has been accelerated as much as possible, but there has been unavoidable delay, owing to the reason already stated.

### FOR GUILD MEETING.

PLANKS STOLEN FOR  
PLATFORM.

At the Kowloon Magistracy, before Mr. E. W. Hamilton, this morning, two Chinese employees of the Kowloon Dock were charged with the theft of seven plank planks, the property of the Company. Mr. Remedios defended.

Evidence was given to the effect that when two detectives accosted the accused the latter said the planks belonged to the Dock Company, and they were taking them to No. 3, Winslow Street, the premises of a Guild, for the purpose of erecting a platform from which speeches were to be delivered.

Mr. Remedios said the defendants had been working continuously for two days in looking after wood on a lighter on the Praya. They felt very thirsty and went to the Guild to get a drink, intending to take back the planks later.

Defendants were fined \$50 each.

### GARRISON SCHOOL.

"HEALTH, CONTENTMENT  
AND HAPPINESS".

The annual prize-giving in connection with the Garrison Schools took place this morning at Victoria Barracks, and, despite the unpropitious weather, a large number of parents and friends were present.

Mrs. Orpen Saunders, wife of Lt. Col. Orpen Saunders, the officer in charge of the Schools, kindly distributed the prizes and there were also present Lady Severn, Professor Forster, Mr. De Martin, Major Chevenix-Trench, Capt. Mauready, the Rev. R. J. Northcott, Mrs. Romington, Miss Airey, Mr. A. White (District Scout Master), Lt. Commr. Misselbrook, and Mrs. Paton.

Capt. A. E. Watson, Command Education Officer, spoke of the many improvements that had been effected at the schools since last year, and said that sports cups had been presented to the schools for the champion boy and the champion girl. The school had always had a high reputation as a sporting school and this they had well maintained, pupils having gained several firsts both at swimming and athletics in competitions open to the Colony. Two boys, Maycock and Harris, were awarded special prizes at the V. R. C. tournament for the plucky fights they put up. Pupils had also gained successes in more serious work.

Continuing, Capt. Watson said that the school was in a flourishing condition, there being 75 children in the upper school and 61 in the infants. As for the future, they were not yet contented; they wished to add to the school library and they also intended to have new pictures to adorn their walls. The idea at the back of their minds was to make it a model school of health, contentment and happiness, and he would assure parents that the staff did their best to live up to this ideal.

After graciously handing the prizes to the winners, Mrs. Orpen Saunders wished the children a happy holiday and urged them to work hard when they returned.

Three hearty cheers were accorded, and Lt. Col. Saunders, expressing pleasure at the way they had received his wife, said he had seen the children at their schools. They were well disciplined and a credit to their teachers and to their parents.

The prize-winners were:—  
Upper School:—Class 2: May Stainer, Hilda Thorn, Willis Appleton, Lionel Wakeford. Class 3: Betty Flynn, Gladys Dennis, Raymond White, Frank Anslow, Fred Appleton. Class 4: Joan Gray, Joan Burge, Ronald Griggs, Trevor Misselbrook. Class 5: Barbara Buddon, Phyllis Hunt, Ida Dannoeth, James O'Brien, Lawrence Allen. Class 6: Christina Maynard, Eileen Anslow, Arthur Maycock, Herbert Smith, Fernley Berse. Special prizes: Julia Smirke, Maud George, Ena Allen, Sewing: Aileen Hynes, Kathleen Tarnow.

Infants:—Class 1: Henry Tye, J. Castledine, Margherite Hewett, Jane Paton; handwork, Nancy Longridge. Class 2: (a) Raymond Dennis, Derrick Byrne, Cecile Hewett, May Kaylake. Class 2 (b) Brian Hynes, Terence Boardall, Thomas Castledine, Margaret Hearn; handwork, Joyce Smirke. Class 3: Ian Harrison, Dennis Smith, Elsie Appleton, Helen Grant; progress prize, George Conley. Kindergarten: Gilbert Buddon, Arthur Honey, Pat Hamblin, Connie Sully, Jack Stripp, Doris Tye.

On Monday night, His Excellency gave a dinner party to which were invited the following:—Hon. Sir Claud and Lady Severn, Monsieur et Madame Courthial, Lt. Colonel and Mrs. Baachus, Mr. and Mrs. Both, Lt. Colonel and Mrs. Travelyn, Mr. and Mrs. Richard Hancock, Lt. Commr. Holt, Mr. D. H. Cameron, Commander Hudson, Major Chevenix Trench and Mr. and Mrs. Champkin.

On Wednesday forenoon, His Excellency inspected the fourth detachment of men enlisted in Wei Hai Wei, for the Hongkong Police Force.

On Thursday, His Excellency's Aide de Camp, Captain R. Noville, left the Colony, in the R. M. S. Empress of Russia, on six weeks' leave.

On Saturday, 9th August, His Excellency will be present at the dinner to be given at the opening of the Shekko Country Club.

On Saturday, 9th August, His Excellency will be present at the dinner to be given at the opening of the Shekko Country Club.

## Order Gas Fires Now.

It is very usual to leave ordering Gas Fires  
until Winter arrives, then everybody wants them  
fixed at once, vexatious delays inevitably occur  
through congestion of orders and the work has  
to be done more hurriedly than is desirable.

To obviate this trouble the Company has decid-  
ed to replace the present rates of hiring gas fires  
namely \$1.00 per month, by an annual charge of  
\$5.00 payable in advance. This means that the  
hiring fees are entirely unaffected by the time of  
the year at which the apparatus is installed.  
The installation fee of \$5.00 remains unchanged.

We have a large variety of gas fires in stock  
and advise you to call at Lane, Crawford's or our  
West Point showrooms and make your selection  
now.

**HONGKONG & CHINA GAS Co., Ltd.**

HUNGRY—YET AFRAID  
TO EAT!

Such is the plight of thousands. They dread mealtime, for they know that suffering will follow; they know that, diet as they will, digestive disorder is remorseless, and it has them in its grip. The pity of it is that such suffering is quite unnecessary, as any doctor can tell you. A little Bismag Magnesia, taken in water (or a couple of the tablets swallowed) will instantly neutralise the harmful acid which gives rise to the trouble, and thus prevent all possibility of discomfort. You'll suffer no more from stomach troubles or weakness of the vital organs if you go to the nearest chemist, get a package of this sure cure, and take as directed. Remember, a dose of Bismag Magnesia will stop the worst attack of stomach pain instantly, and you've only to take the preparation for a very little while to feel a different person altogether—healthier, happier and brighter. See the oval "BISMAG" Sign on the wrapper when buying.

Spell it backwards  
**KLIM**  
BRAND  
POWDERED MILK

"This is to advise that we have had our Board of Health Laboratory make an analysis of KLIM after it had been made up into the liquid form according to the directions given on the container; the Laboratory advises that 'the solutions of KLIM taste like true milk and in practical tests have proved satisfactory', and that it is an entirely wholesome and healthful food product. I consider that where the mixing of KLIM is done in a clean and hygienic manner, the finished (liquid) product is an excellent substitute for fresh milk, and that the extension of its use under proper sanitary regulations is greatly for the public benefit."

## ANTI-FOREIGNISM

### KUOMINTANG URGES A POLICY OF INTERNATIONAL FRIENDLINESS.

The following is a translation of  
an order issued by the Central  
Executive Committee of the  
Kuomintang to its members in  
Shanghai and sent us for publi-  
cation by *Reuter's* correspondent.—

A report has been received from  
the Shanghai members of the  
Kuomintang that the latter dated  
June 20 of the Chairman of the  
Municipal Council of the Interna-  
tional Settlement at Shanghai, in  
reply to the Senior Consul, in-  
dicates an intention on the part of  
the Council, at the instigation of  
the illegal Government at Peking,  
to take action detrimental to the  
Party. Local members being  
highly incensed thereby, have  
submitted proposals that the  
Kuomintang rescind its standing  
orders prohibiting anti-foreignism  
and refrain from interfering with  
the activities, as in the days before  
the Boxer rising, of the secret  
societies, the Green and Red Sec-  
tions of the Koloa Hui. Other  
members advocate the encourage-  
ment of a general strike in the  
Foreign Settlement.

The Kuomintang declines to  
entertain such reactionary proposals  
and the following order is hereby  
issued:

It is the duty of this Party to  
make China a really independent  
and sovereign state on the basis of  
the Party's Three Principles. It  
regards all narrow and violent anti-  
foreign sentiments as harmful to  
society and the world at large and  
detrimental to the complete  
independence and equality of the  
Chinese state and race. For this  
reason the Party has always  
strongly exerted itself in suppress-  
ing such tendencies.

### Opposition to Anti-Foreign Policy.

In 1900 while the Manchu  
Empress Dowager and nobility  
were encouraging the Boxers in  
their insane movement to "Uphold  
the Manchu and Destroy the  
Foreigner", the Kuomintang, which  
had started a revolution in the  
same year at Wuchow, accorded  
protection to foreign life and  
property within the affected  
area in accordance with inter-  
national law, thus showing its op-  
position to the anti-foreign policy  
of the Manchu Government. Since  
then, whenever the Revolutionists  
took up arms they have never failed  
to take special care to give  
adequate protection to foreigners.  
During the 1911 Revolution there  
was not a single case of violation  
of foreign life and property, al-  
though Revolutionary troops were  
spread throughout the country.  
This was due to the fact that the  
Party's policy has had a salutary  
influence on the minds of the  
people, and has been obeyed by  
the members. When the Pre-  
sident of our Party, Dr. Sun Yat-  
sen, took up office as Provisional  
President of the Republic on  
January 1st, 1912, he declared that  
China should observe all the obli-  
gations of a civilised state in order to  
enjoy all the privileges of a civilis-  
ed state. Thus the Party's policy  
and attitude have always been  
clear and known to the world.

During the last thirteen years  
the Northern militarys, having  
usurped the Peking Government,  
have not hesitated to work in  
league with the Imperialistic  
Powers and to sell the country in  
order to further their selfish aims.  
Our people have often denounced  
their slavishness towards Foreign  
Powers, but the minds of the reac-  
tionaries and militarists are really  
suffused with medieval and  
monarchical notions and supersti-  
tions which are closely associat-  
ed with anti-foreign sentiments.  
While in their conduct they are  
servile, in their mentality they are  
really hostile to foreigners. This is  
proved by the wide-spread growth  
in recent years of secret societies  
in the North among the leading  
militarists and reactionaries, which  
worship such gods as "Lu Shun-  
yang", whose orders are issued  
through the medium of the "plan-  
chette", and who is believed to be  
able to destroy an enemy by the  
use of the "flying sword."

Translator's note: Lu Shun-  
yang, or Lu Tung-pin, who lived  
during the Tang Dynasty, was a  
Taoist student, and canonized as a  
god after his death. Two years  
ago an official document actually  
appeared in the Peking Govern-  
ment Gazette in which a banking  
corporation formed by prominent  
Peking officials petitioned for  
registration with this Taoist God.  
"Lu Shun-yang" as its President.  
The application for registration  
was granted by the Ministry of  
Agriculture and Commerce. There  
is also, it is reported, a society in  
Peking organized by prominent  
military and civil officials with  
Lu Shun-yang as its deity.

**THE LATE MR. W.  
ARMSTRONG.****LARGE ATTENDANCE AT  
FUNERAL.**

The high esteem in which  
the late Mr. W. Armstrong  
was held by the whole com-  
munity was demonstrated last  
evening, when the inter-  
ment took place in the old re-  
sidents' section of the Protestant  
Cemetery at Happy Valley. There  
was an extremely large concourse  
of mourners, whilst floral tributes  
were sent in great profusion. The  
officiating clergyman was the Rev.  
V. H. Copley Moyle, Chaplain  
to the Cathedral.

The immediate mourners were  
Miss Ida Armstrong (sister) Mrs.  
A. D. Humphreys (sister), Mr. A.  
D. Humphreys, Mr. B. Hum-  
phreys, Mr. J. D. Humphreys and  
Mr. D. Clarke.

Among the large number of peo-  
ple at the graveside were, Com-  
modore H. E. Grace R. N., the Hon.  
Mr. P. H. Holyoak, the Hon. Mr.  
E. D. C. Wolfe, Lt. Commr.  
Worthington, Col. Matthews, Lt.  
Col. Robertson, Capt. E. Branch,  
Messrs. M. R. F. Airey, J. W. C.  
Bosmer, W. L. Leach, R. M. Dyer,  
A. E. Wright, E. F. Auer, N. S.  
Brown, J. Reid, T. D. Pearce,  
F. M. Crawford, L. S. Greenhill,  
H. and J. H. Seth, D. J. Lewis,  
P. H. Blake, H. A. Lammert,  
H. R. Philip, J. A. Plummer, R. M.  
Challenor, C. Cooke, K. E. Greig, C. C. Knight,  
W. G. MacGregor, A. MacKirdy,  
and G. W. Savell.

Wreaths from the following were  
placed on the grave.

His wife Dora, Ronald, Joan,  
Sister Ida, Dinah and Ernest,  
Evelyn and Alfred, Cissie and  
Eugene, Henry and Eva, Will and  
Ellie, Douglas and Dorothy, Dick,  
H. E. The Governor.

## ENGLISH TEAM FOR AUSTRALIA.

### A STRONG AND REPRESENTATIVE SIDE.

London, July 30. The English cricketers leaving for Australia, in the autumn have been selected as follows:

- A. E. R. Gilligan (Camb. and Sussex), Captain.  
J. W. H. T. Douglas (Essex).  
J. L. Bryan (Camb. and Kent).  
A. P. F. Chapman (Camb. and Berks).  
C. H. Gibson (Camb. and Sussex).  
A. Sandham (Surrey).  
H. Strudwick (Surrey).  
Dick Tyldesley (Lancashire).  
M. W. Tate (Sussex).  
E. Hendren (Middlesex).  
H. Sutcliffe (Yorkshire).  
A. P. Freeman (Kent).  
Roy Kilner (Yorkshire).  
J. W. Hearne (Middlesex).  
F. E. Woolley (Kent).

With the exception of another wicket-keeper, the team is complete. — *Reuter.*

We are indebted to a well-known local cricketer for the following notes on the above team:

A. E. R. Gilligan. — One of the finest fast bowlers in England. A magnificent field at mid-off. Inspires many a side with his fielding, and is a useful bat, having registered the only century for the Gentlemen against the Players this year.

J. W. H. T. Douglas. A useful fast bowler and a sound batsman with a stubborn defence. An experienced Test match player.

J. L. Bryan. An excellent bat. Goes in No. 1 for his county; is young and full of promise. Made 236 against Hampshire in brilliant style in the Canterbury Week last year.

A. P. F. Chapman. Probably the finest left-handed amateur batsman in England. A magnificent outfield, who saves his side very many runs; and can score them quickly himself, when wanted.

C. H. Gibson. An unknown quantity. Toured with Mr. A. C. MacLaren's M. C. C. team in New Zealand in 1922-23, and is considered by MacLaren to be one of the best amateur bowlers we have.

A. Sandham. — One of Surrey's best batsmen. Goes in first with Hobbs, and is very like him in style and appearance. Did well in South Africa with the M. C. C. team of 1922-23, and has batted consistently well for Surrey this season. A fine outfield.

H. Strudwick. The oldest Test match player in the team. Has over 30 years experience as a wicket-keeper. Succeeded A. A. Lilley as England's chief stumper, and is still considered as good as ever behind the stumps.

R. Tyldesley. The best leg break bowler in England. Responsible for Yorkshire's collapse against Lancashire last Whit. Keeps a wonderful length and gets a lot of spin on the ball. Can get runs when wanted.

M. W. Tate. — Has proved himself to be England's best Test match bowler against the South Africans this year. Sprang into fame last year as an all-rounder, but is a far better bowler than batsman. A great future is predicted for him.

E. Hendren. A magnificent bat, and brilliant in the field. Top of the batting averages last year. Can always be relied on for runs, and a safe catch.

H. Sutcliffe. Has proved himself to be one of our finest Test match batsmen. He and Sandham should make a very good opening pair.

A. P. Freeman. A very useful and diminutive bowler of the googly type. Toured with MacLaren's M. C. C. team in New Zealand in 1922-23.

R. Kilner. A fine all-rounder, left-handed. Made a century and took 6 wickets for the Players in the last match against the Gentlemen.

J. W. Hearne. Another very fine all-round cricketer. Has had plenty of experience in Test matches. Is a bowler of the googly type, and should do well on Australian wickets. Probably the best all-rounder in the team.

F. E. Woolley. — Another fine all-rounder, of the left-handed variety, with years of Test match experience behind him. His bowling is not as good as it was, as he has had to do too much trundling for Kent in recent years, but he is still as fine a batsman and field as ever.

The best eleven from the above would probably be: Sandham, Sutcliffe, Hearne, Hendren, Woolley, Chapman, Kilner, Gilligan, Tate, Tyldesley, Strudwick.

## BRITAIN'S UNEMPLOYMENT PROBLEM.

### GOVERNMENT'S LATEST PROPOSALS.

London, July 30

At the instance of the Liberals, the Government unemployment policy was reviewed in the House of Commons by Mr. Snowden, who at the outset drew ironical cheers and laughter by remarking that the Government had a positive remedy for unemployment but was more positive that the remedy would be slower than the cure.

The Chancellor further foreshadowed proposals which, though involving heavy public expenditure, he hoped would add to the productive capacity of the country, notably the construction of new roads and the development of electricity. He emphasized the importance of foreign trade, and said he hoped the Inter-Allied Conference would result in such an agreement as would give the people of Europe confidence to settle down to work and reopen the continental markets, but we were bound to face intensified competition in the world's trade in future, therefore we must do everything possible to cheapen and improve production.

### ELECTRIFICATION OF RAILWAYS.

Mr. Snowden, continuing, stated they were bringing pressure to bear on the railway companies to recondition and re-equip their lines and adopt electrification.

The Government had decided to revive the Severn barrage scheme, which, if undertaken, would be the most difficult engineering feat in history.

The Government had accepted in principle exchequer assistance for the sugar beet industry for a period of ten years, which was assured would enable new factories to be started almost immediately. He believed this was one of the biggest things that could be done for British agriculture, which it would revive.

Messrs. Lloyd George and Macnamara twitted the Government for adopting schemes at which it had previously anored.

Sir L. Worthington Evans criticised the schemes on the ground that they would not add work for the men this winter. He moved the reduction of the Minister's salary, but the motion was rejected.

## THE SOCIAL EVIL.

### "TISSUE OF LIBELS."

#### Hongkong Resents Home Interference.

At this afternoon's meeting of the Legislative Council, the following resolution was moved by Hon. Mr. P. H. Holyoak:

"That the following resolution be forwarded to the Secretary of State:

"That having regard to the announcement by the Press that an 'Advisory Body' has been appointed by the Secretary of State for the Colonies to advise and enquire into the 'Maison tolerees' and 'Social Hygiene' in Hongkong amongst other places, the Unofficial Members of this Council welcome any enquiry which has the object of improving the conditions of life in and upholding the good name of the British Empire and Colonial Possessions, but regret the fact that the inclusion of Hongkong in this enquiry should have resulted from malicious, misleading, and exaggerated representations to the Government which have been widely circulated in England for some time past."

In moving his resolution, the Hon. Mr. Holyoak said that although the subject was distasteful to him, there had for months past been a tissue of libels, either malicious or inspired, circulated at Home regarding this Colony. He recalled the *mut tui* libels and said there was justifiable indignation regarding them.

There had been gross misrepresentation of facts, even by those supposed to know. He referred to Mrs. Neville Rolfe and how she had had to retract the things she had said about Hongkong. He submitted that if the true facts of the case were known it would never have been considered necessary to include Hongkong in the enquiry referred to in his resolution. They resented interference by the Home authorities in such domestic matters, and far from Hongkong's registration system encouraging vice, it protected women and children against it. Hongkong's fair reputation had been slandered and they asked for representation on the Committee of Enquiry.

The Hon. Mr. H. W. Bird seconded, saying that no matter how irresponsible a person might be, he or she only had to say something derogatory to Hongkong to have official notice taken of them. He strongly urged representation on the enquiry committee.

The Hon. Mr. Kotowall, supporting, said he would have been glad to see the word "malicious" omitted, for he was inclined to the belief that the action of those whose activities had brought this Colony so unpleasantly and unfairly into the limelight, had been actuated by excessive zeal for their cause, rather than by any unworthy motive.

The Hon. Mr. Chau Siu-ki also supported the motion.

The Hon. Mr. C. G. Alabaster, in a lengthy speech, said that so far as the social standards of life were concerned, Hongkong was a clean city. He pointed out that it was a city of over one million inhabitants one of the largest ports of the world, a garrison town, a naval station and the abiding place of people of every race and tongue; nevertheless he claimed that it could stand comparison, morally, with any town of its size, in the five continents and the seven seas.

H. E. the Governor said no official member could contribute to the discussion, except on the point as to whether or not the resolution should be forwarded.

The resolution was unanimously adopted.

**SULPHUR FUMES AGAIN.**

Paris, July 30.

The Chamber has restored the match monopoly, the abolition of which the Poincare Government forced through Parliament.

## LIFE-SAVING ON SHIPS.

### HONGKONG'S RULES INADEQUATE.

#### Board of Trade Criticism.

Towards the end of last year, a letter was received by the Hongkong Government from the Mercantile Marine Department of the Board of Trade reporting that it had been informed from Sydney that the Chinese steamer, Ling Nam, had arrived at Sydney with insufficient boat accommodation for all passengers.

As the vessel held a Hongkong Passenger Certificate, the Board of Trade presumed that that the Life Saving Appliances Rules in force in Hongkong fell very far short of what was necessary, in the interest of the safety of life of passengers and crew.

The Board suggested the advisability of Hongkong revising its Rules, as to require foreign-going passenger steamers to be provided with boat accommodation for all, or, if this was not practicable, with as many lifeboats as could be effectively stowed and launched.

H. E. the Governor appointed a Committee to consider the matter, the Committee consisting of Lieut. Com. Conway Hake, R. N. R., Capt. F. W. James, Capt. E. T. Wheeler, and Mr. W. Russell, Government Marine Surveyor. The report of the Committee has just been issued and it recommends that steamers leaving Hongkong be divided into three classes.

Class I comprises foreign-going vessels carrying passengers outside the limits of the Far East, and it recommended that the certificate for such vessels should be in all respects the same as that issued by the Board of Trade.

Class II comprises foreign-going vessels carrying passengers within the limits of the Far East, and it recommended that in addition to present requirements the provision of wireless should be made compulsory, that additional freeboard should be enforced during the typhoon season and that the type of raft at present in use should be improved.

Class III comprises River Steamers certified to carry passengers within the limits of the Canton and West Rivers, including Macao, and it is recommended that, in addition to present requirements, life belts should be provided for all on board, that the provision of wireless telegraphy apparatus be made compulsory, and that the type of life raft at present in use be improved.

The Hon. Mr. H. W. Bird seconded, saying that no matter how irresponsible a person might be, he or she only had to say something derogatory to Hongkong to have official notice taken of them. He strongly urged representation on the enquiry committee.

The Hon. Mr. Kotowall, supporting, said he would have been glad to see the word "malicious" omitted, for he was inclined to the belief that the action of those whose activities had brought this Colony so unpleasantly and unfairly into the limelight, had been actuated by excessive zeal for their cause, rather than by any unworthy motive.

The Hon. Mr. Chau Siu-ki also supported the motion.

The Hon. Mr. C. G. Alabaster, in a lengthy speech, said that so far as the social standards of life were concerned, Hongkong was a clean city. He pointed out that it was a city of over one million inhabitants one of the largest ports of the world, a garrison town, a naval station and the abiding place of people of every race and tongue; nevertheless he claimed that it could stand comparison, morally, with any town of its size, in the five continents and the seven seas.

H. E. the Governor said no official member could contribute to the discussion, except on the point as to whether or not the resolution should be forwarded.

The resolution was unanimously adopted.

## DR. FORSYTH LEAVES.

### MAY NOT RETURN TO COLONY.

#### With the departure of the Empress of Russia today, Hongkong has lost one of its oldest and most respected medical practitioners, Dr. Charles Forsyth.

Dr. Forsyth, who has not enjoyed the best of health for some years past, is leaving the Colony on medical advice and is, in all probability, not returning.

A few years ago he had a breakdown in health and was away for some time, whilst only last year he was again advised to take a holiday. His very many friends have been sorry to learn that his departure from the Colony has again been necessary and will wish for him a speedy recovery to health.

Dr. Forsyth, who came to the Colony just 20 years ago, was one of Hongkong's oldest doctors. He joined the firm of Jordan, Gibson and Swan with whom he has been continuously and of which he is now the senior partner. He has been a member of the Dental Board for some years, and is a member also of the Midwives Board, whilst for some years past he has occupied a seat on the Senate of the Hongkong University, in which institution he has taken a great interest. Since 1906 he has been an Unofficial Justice of the Peace.

In the realm of sport, Dr. Forsyth took a very prominent part. For many years past he has been a Steward of the Hongkong Jockey Club and a successful owner. He was President of the Hongkong Lawn Tennis Association, President of the Kowloon Cricket Club and a member of the Committee of the Hongkong Boxing Association. A member of the Committee of the Hongkong St. Andrew's Society, Dr. Forsyth has always identified himself with the activities of the Society, rendering valuable service as Convenor of the Kowloon Committee for the "Our Day" fairs organised on behalf of charities during the war.

Dr. Forsyth went on board the Empress of Russia fairly early this morning and was too unwell to do more than say personal good-byes in his cabin. Presentations were made to him on behalf of the Lawn Tennis Association (a smoker's cabinet) and the Kowloon Cricket Club (a loving cup). Quite a number of friends called on board just before sailing time to wish him "bon voyage" and a speedy recovery to health.

The Hon. Mr. H. W. Bird seconded, saying that no matter how irresponsible a person might be, he or she only had to say something derogatory to Hongkong to have official notice taken of them. He strongly urged representation on the enquiry committee.

The Hon. Mr. Kotowall, supporting, said he would have been glad to see the word "malicious" omitted, for he was inclined to the belief that the action of those whose activities had brought this Colony so unpleasantly and unfairly into the limelight, had been actuated by excessive zeal for their cause, rather than by any unworthy motive.

The Hon. Mr. Chau Siu-ki also supported the motion.

The Hon. Mr. C. G. Alabaster, in a lengthy speech, said that so far as the social standards of life were concerned, Hongkong was a clean city. ## THE COLONY'S WATER SUPPLY.

### Pokfulam Supply Now Above Standard.

#### BOILING OF WATER NOT ESSENTIAL.

At this afternoon's meeting of the Legislative Council, the Hon. Mr. H. W. Bird asked no fewer than seven questions relating to the Colony's water supply, to which the Hon. Colonial Secretary (Sir Claud Severn) replied. The questions and answers were: —

**Question.**

In view of the widespread want of confidence in the purity of the water supply of the Colony, will the Government give reassuring information on the following points? —

1. How does the purity of the water compare with that of London (or any large British town) and what is the exact comparison from a bacteriological and clinical point of view?

**Answer.**

1. The standard of purity in force in Hongkong was only adopted after correspondence with eminent specialists in England. Particulars of British towns are not available.

2. Is the water analysed bacteriologically at regular intervals at the following points? —

(1) Nullahs entering reservoirs.  
(2) Reservoirs.  
(3) Filter beds.  
(4) Actual tap supply.

If so could the exact results be stated for the water supplied from Pokfulam Reservoir during last few months? Is it a fact that the water from Pokfulam Reservoir is used at such a rate that it is not stored for a proper length of time?

**Answer.**

2. (1) The answer is in the negative.  
(2) The answer is in the affirmative.  
(3) The answer is in the affirmative.  
(4) The answer is in the affirmative.

Early in July a report was received from the Bacteriologist that the Pokfulam water was below standard, previous reports having been very satisfactory. Additional chlorination was at once undertaken, and more recent tests show that the water is now above standard.

During the rainy season it is impossible to state what storage period is obtained from any reservoir owing to the new water mixing with the stored water.

**Question.**

3. Is there any question whatever of the filter beds being overworked in order to cope with amount of water required?

**Answer.**

3. In the summer time on full supply the filter beds have to be worked at an unduly high speed. The present restrictions in districts supplied from Pokfulam

**Question.**

7. What arrangements are made for the correct addition of chloride of lime, and is it satisfactory when the water tastes of chlorine?

**Answer.**

7. Chlorine solution is added to the water in definite quantities. Water tasting of chlorine is harmless for drinking purposes.

**Question.**

7. Chlorine solution is added to the water in definite quantities. Water tasting of chlorine is harmless for drinking purposes.

**Question.**

7. Chlorine solution is added to the water in definite quantities. Water tasting of chlorine is harmless for drinking purposes.
